APPROVAL OF MINUTES

Ed Faherty moved and Mary Ann Empson seconded to approve the November 10, 2009 meeting minutes as presented. All in favor, motion carried.

NEW BUSINESS

A. League of Minnesota Cities (LMC) Insurance – On 11/23/09 Ann Stanton of Arthur J. Gallagher Risk Management Services, Inc. contacted Ed Faherty informing him that this insurance bill was past due and that the policy was going to be canceled if payment of \$2,880 plus a 10% penalty was not received by 12/1/09. Upon investigation it was found that previous payment due notifications were being mailed to a former board member's address. The URRWMO Board approved payment of the invoice, along with the 10% penalty, which Oak Grove City staff mailed on 11/23/09. Ed Faherty then sent an email to LMC explaining their mailing address error and requested that the 10% penalty be reimbursed back to the URRWMO. To date, no penalty reimbursement check has been received. Ed Faherty will follow up with another email asking that the contested penalty be reimbursed.

OLD BUSINESS

B. City of East Bethel Water Management Plan – Ed Faherty will follow up with East Bethel.

C. City of Ham Lake Water Management Plan – Ed Faherty will review and upon approval send a letter stating that the Plan is approved by the URRWMO.

Meeting Minutes for March 2, 2010

Vice Chair Melanie Kern called the meeting to order at 7:03pm with the following members present Mary Ann Empson, Ed Faherty, Orval Leistico, Terry Sworsky and Jared Trost. Absent were Greg Hunter, Steve Kane, Todd Miller and Will Ridge. Also present Chris Lord, Anoka Conservation District (ACD).

APPROVAL OF MINUTES

Ed Faherty moved and Mary Ann Empson seconded to approve the January 5, 2010 meeting minutes as presented. All in favor, motion carried.

NEW BUSINESS

A. 2009 draft work results from ACD - Chris Lord presented the results. Rogers Lake located partially within the jurisdictional areas of both the Lower and Upper Rum River WMOs has had an explosion in aquatic plant growth resulting in dramatically reduced fish population. Would this board be interested in attending a meeting scheduled and facilitated by ACD with LRRWMO members and DNR staff to discuss possible actions toward aquatic plant control? Residents on Rogers Lake would be financially responsible for any treatment costs incurred. Ed Faherty said he would be interested, but unable to attend in June. **Ed Faherty moved and Orval Leistico seconded to request ACD schedule and facilitate a joint meeting with the URRWMO, LRRWMO and DNR, with at least one URRWMO board member to attend. All in favor, motion carried.** The Rum River is showing an increase in dissolved pollutants (mostly road deicing salts) in the URRWMO area. This should be a focal area for public works; workshops for winter road crews are offered for best practices road management. Wetland hydrology monitoring, the installation of wells and how measurements are taken and results monitored were explained. Recommendations: Investigate the condition of Ditch 19, the only inlet to Lake George; facilitate resident efforts to control aquatic plant growth on Rogers Lake; encourage public works departments to implement measures to minimize road deicing salt applications; promote groundwater conservation; coordinate monitoring of the Rum River; promote water quality improvement projects; and monitor water quality of Lake George and East Twin Lake every three years.

B. 2010 Work Contract with ACD – This contract is the same as the proposal used for budgeting. Some minor cost adjustments bring the budgeted amount down \$75. New item is Run River monitoring partnership with LRRWMO, ACD and Met Council. Costs for this project are lower due to partnering. Second payment of the geologic atlas is included. The Anoka Union had a news article on the geologic atlas project in the Feb. 26 issue. Discussed Article 4 Disbursement of Funds and a different payment schedule. Chris Lord approved a payment plan for 1/3 of the total amount to be billed three times in 2010. **Ed Faherty moved and Mary Ann Empson seconded to approve the 2010 Work Contract with ACD with a change to Article 4 Disbursement of Funds. ACD will invoice the URRWMO in March, June and September for 1/3 of the total amount of the 2010 Work Contract with the**

**URRWMO to pay those invoices in April, July and October 2010. All in favor, motion carried.** Vice Chair Kern signed two copies of the 2010 Work Contract.

C. 2011 proposal from ACD – In accordance with the Watershed Management Plan, stream water quality monitoring is to be done by 2012. It was suggested that this be done in 2011 at the same time Rum River monitoring is done in order to allow direct data comparisons. Due to the addition of two tests required by state guidelines, the cost of stream monitoring has gone up dramatically.

D. Status update on member municipalities' annual report to the URRWMO – ACD has received Ham Lake's report and St. Francis' report was given to Chris Lord tonight. An annual report must be submitted to BWSR by April 30. In order for ACD to have time to work on the report, Jamie needs cities to submit the reports now.

E. Draft budget for 2011 – Budget amounts and line items proposed by ACD were discussed, along with amounts for administrative costs. It was unknown what the actual costs for postage and copies have been in previous years and what the cost for soliciting bids was this year. Recording Secretary Gessner will contact Oak Grove City Hall for these amounts and provide a draft 2011 budget spreadsheet to board members for review and to use when presenting the draft budget to their respective cities. Finalization for the 2011 budget is set for the May meeting.

#### OLD BUSINESS

A. League of Minnesota Cities (LMC) Insurance – A reimbursement check for \$228 was received from a 10% penalty charge. [See January 5, 2010 minutes.]

B. City of East Bethel Water Management Plan – Jared Trost reported East Bethel is working to include a new conservation design ordinance into its finalized plan. **Jared Trost moved and Ed Faherty seconded to grant an extension to May 1 to the City of East Bethel in order to allow time to incorporate a new conservation design ordinance into its water management plan. All in favor, motion carried.**

C. City of Ham Lake Water Management Plan – Ed Faherty will check to see if he sent a letter stating that the plan is approved by the URRWMO; if not, he will send out a letter.

D. Joint Powers Agreement (JPA) – Reviewed and discussed comments received from Melissa Lewis of BWSR. Changes were made to 2.9 Duties of Officers, 2.11 Meetings, 2.12 Conduct of Meetings and 3.9 Annual Audit. A revised JPA will be emailed to board members and cities for review. A. 2010 Amended Joint Powers Agreement (JPA) – To date the following cities have approved and signed the 2010 Amended JPA: Bethel, Oak Grove, Nowthen and St. Francis. Ham Lake has approved the 2010 Amended JPA with the condition one grammatical change be made; Mary Ann Empson distributed copies of the grammatical change requested by Ham Lake. The requested change does not change the content or meaning of section 3.12B. It was discussed if the one page could be amended and signed by those cities that have already approved the 2010 Amended JPA. It was asked what happens if all of the member cities do not sign the newest amended JPA? Jamie Schurbon stated all parts of the seven county metro have to be a member of a WMO or watershed district. Until all cities have signed the 2010 Amended JPA, the 1997 Amended JPA is still in effect. **Ed Faherty moved and Todd Miller seconded to table this item to the January 4<sup>th</sup> meeting, rather than approve one change and negate the 2010 Amended JPA that has already been approved by four cities.**

Greg Hunter said he will talk with Doug Sell to find out what specific items/wording East Bethel is not in agreement with in the 2010 Amended JPA and submit those requested changes to all board members and the recording secretary prior to the January 4<sup>th</sup> meeting. It was the consensus of the board to not make any changes at this time, but to wait until it has reviewed East Bethel's specific requested changes to the 2010 Amended JPA. **All in favor, motion carried.**
